YXL	40	26	33
AS	40	27.5	35
AM	44	28.75	36
AL	48	30	37
AXL	52	31	38
AXXL	56	32.25	39

MEASUREMENTS IN INCHES

HOW TO PROPERLY MEASURE A HOODIE & CREWNECK

For the most accurate measurements, lay the garment flat on a smooth surface.

CHEST WIDTH

Measure straight across the front of the hoodie, approximately 1 inch (2.5 cm) below the armholes, from one side to the other.

Tip: Double this measurement to determine the full chest circumference.

BODY LENGTH

Measure from the highest point of the shoulder (where the shoulder seam meets the collar) straight down to the bottom hem of the hoodie.

SLEEVE LENGTH

Measure from the centre back of the neck, across the shoulder, and down the outside of the sleeve to the end of the cuff.

MEASURING TIPS:

Lay the hoodie completely flat before measuring.

Do not stretch the fabric.

Use a flexible measuring tape for the best accuracy.

Measure to the nearest ¼ inch (0.5 cm).

If comparing to a size chart, measure a hoodie that already fits well rather than measuring your body.

This method will ensure consistent and accurate sizing for ordering or comparing garments.

HOW TO PROPERLY MEASURE A T-SHIRT

For the most accurate measurements, lay the T-shirt flat on a smooth surface.

CHEST WIDTH

Measure straight across the front of the T-shirt, approximately 1 inch (2.5 cm) below the armholes, from one side to the other.

Tip: Double this measurement to determine the full chest circumference.

BODY LENGTH

Measure from the highest point of the shoulder (where the shoulder seam meets the collar) straight down to the bottom hem.

SLEEVE LENGTH

Measure from the top of the shoulder seam to the end of the sleeve.

MEASURING TIPS

Lay the T-shirt completely flat before measuring.

Do not stretch the fabric while measuring.

Use a flexible measuring tape for the most accurate results.

Measure to the nearest ¼ inch (0.5 cm).

Compare your measurements to a T-shirt that fits you well rather than measuring your body.

Following these steps will help ensure you choose the correct size and achieve the best fit.
